Brussels, 4 December 2017

“ A STRONG PATIENTS’ VOICE TO
DRIVE BETTER HEALTH IN EUROPE ”

Discussion questions

- What feedback from patients would be important to collect for monitoring the implementation in future? (content)
 - Useful for patients / patient organisations?
 - Useful for national governments ?
 - Useful for National Contact Points ?
- How and when should & could it could be collected?
 - Time – when are the critical moments?
 - Place – where?
 - How – tools? (e.g. online)
- Who should collect it?
- What is the role of patient organisations?
 - Consider also cost and feasibility of implementation...
